Commissioner of Patents & Trademarks  
Washington DC 20231  
USA**COMPLAINT**

On 21.12.99 a recorded delivery was forwarded to the Commissioner notifying a change in address of an applicant for US patents.

If thereby some rule or regulation was infringed thus preventing the change of address from being implemented one would expect to be informed of this.

The applicant received no notification or acknowledgement whatsoever. However, as this type of conduct appears to be standard practice at the Patent Office, the applicant assumed that any further communications would be forwarded to the new address.

However since the above date two office actions of the Patent Office have been forwarded to the previous address with the result that the office actions were not timely received by the recipient.

The details are as follows:

Applicant: Peter A Miller

Current Applications: PA 08/503,401 & PCT/AU96/00442

Applicant's previous address: 39 Sidney Grove, GB-Newcastle NE4 5PD

Applicant's new address: See Str.27, D-71229 Leonberg

Office actions received at previous address subsequent to 21.12.99:

- Date mailed: 24.2.00 / PA 08/503,410
- Date mailed: 8.2.00 / PCT/AU96/00442

The applicant hereby notifies that if further office actions are forwarded to the wrong address no responsibility can be accepted if this results in a return of such mail to the patent office.
